celebrations  
Fundraising events

## Sell tickets online for your next school event for FREE!

- Put an end to the time consuming task of selling tickets manually
- Make it easy for your school community to buy tickets online
- Collect money securely
- Integrate online ticket sales directly into your school website

## Selling your tickets online is as easy as 1, 2, 3

**1. List:** We set up each event listed on your school website with the [webticketing.com.au](http://webticketing.com.au) online booking system for free. Webticketing.com.au can be used to sell tickets to anything - from school plays to concerts, end of year socials to speech nights.

**2. Sell:** Families visit your school website to buy tickets to your events online. After purchasing the tickets securely, they are emailed the unique tickets for the event. For events with reserved seating, webticketing.com.au works out the best seats available and shows the selected seats at the time of purchase.

**3. Print:** Families receive the booked tickets by email to print out and bring to the event. Safeguards are incorporated in the printed tickets to ensure they are unique.

Money collected by webticketing.com.au is transferred into your school's bank account.

## No set up fees, no minimum ticket sales

It costs you nothing to sell tickets online with webticketing.com.au for schools. We understand that you have to be careful with your money. That is why we have designed our fee structure to help take the burden off you, the seller.

For each ticket we sell we charge 3.5% of the ticket price (with a minimum fee of \$1.00 per ticket) plus \$0.50 per ticket if the seating is allocated (due to the additional set up required).

As the event organiser you can choose to pass this on to your customers or absorb some or all of the cost yourself. It's completely up to you.

"Webticketing has been a tremendous help to our end of year concert.

It's fast, efficient and we had no problems at all."

The Jazz Factory,  
New South Wales
